Dear Teacher Joey,

Class Number

_____ We have read the circular dated February 13, 2018 regarding the Arts and Academic Week 2018.

_____ Student's Name _____ Level & Section _____ Parent's Signature

Grass Chair-Building will be the highlight of this event. This activity is a shared project of the Preschool Department with the Grade 10 Woodworks Class and the Grade 11 Students. Inspired by the Italian-designed sustainable lawn chair, *Terra*, this project was conceived as an action plan to promote *ecologically responsible policies and practices*.

For this activity, our Preschoolers are requested to **bring garden gloves and small trowels or toy buckets and shovels**. Together with the Grade 11 students, they will fill with soil the wooden frames constructed by the Woodworks Class. Afterwards, they will plant grass on these dirt mounds that will grow into grass chairs.

We are very hopeful that this joint project would promote love for the outdoors and a healthier lifestyle among the members of our school community, especially the students. Let us continue to work together in providing the children with learning experiences that develop care for creation and 21st century skills.

We look forward to your usual support. Thank you very much!

All for Jesus,

TEACHER JOEY S.D. LERIOS
Preschool Team Leader
