

**VISION**

A Christ-centered school community  
growing in the love and friendship  
of Jesus Christ in His Church  
and striving for peace  
in the social and ecological order

**MISSION**

*We, in Basic Education, commit ourselves –  
to Transformative Education  
as a Christ-centered school community  
dedicated to the integral formation of persons  
empowered to promote justice, peace,  
care for creation and solidarity.*

*Serve joyfully with boundless love.  
School Thrust 2019-2020*

July 8, 2019

Dear Parents and Guardians,

The rainy season has begun and once again, we enjoin everyone to be pro-active in the fight against Dengue Fever. As the school has been doing every year as a precautionary measure against Dengue, we would like to inform you that your daughters may now come to school in proper Dengue attire. It consists of white long-sleeved shirt with a school patch on the left chest and PE jogging pants or any dark-colored jogging pants for uniformity and adequate coverage. The white long-sleeved shirts are available in the school bookstore. A pair of socks, preferably long, is also advised to be worn.

We advise you to seek early consultation when symptoms like fever, abdominal pains, vomiting, headaches, rashes, and bleeding are observed. May we also request that if your daughter had fever the previous night, please do not allow her to go to school the next day so that she can rest adequately and be further observed at home.

***\*IMPORTANT:** If your daughter is absent for more than 3 days due to a medical condition, she is required to present a medical certificate to her class adviser first thing in the morning so that she can be sent immediately to the school clinic for clearance. A medical certificate is especially required if she has been confined in the hospital or if she had suffered from an infectious disease. Strict compliance will be implemented regarding this matter. We respectfully solicit for your cooperation.*

**REPLY SLIP**

Class Number

We have read and noted the contents of the Clinic Advisory on Dengue Fever.

Student's Name

Level & Section

Parent's Signature

Rest assured that the school is doing everything it can to provide a healthy and safe environment for your daughters. We are grateful for your involvement and support in this endeavor.

Sincerely Yours,

Dr. Melanie B. Carpizo  
School Physician

Dr. Floyence Irena Atutubo-Baylas  
School Physician
