School Thrust 2019-2020*

October 16, 2019

Dear Parents,

Greetings of peace!

The Intramurals organized by the Creative Arts, Sports, and Technology Department is scheduled on **October 21-24, 2019** as marked in the school calendar. This annual activity is invaluable to the school's academic program because of its unique and authentic learning milieu. where students develop values and skills that will serve them well in our fast-changing world. But, more importantly, the Assumption values of community spirit and social responsibility are underscored along with resilience, positive self-esteem, and empathy. Needless to say, the Intramurals contributes significantly to Assumption Antipolo's holistic education.

Being an integral part of the school's curriculum, **attendance in the Intramurals is a requirement.** For this reason, participation will be graded as one Performance Task in PE for the Third Quarter. **In case of planned absence that has been approved by the Director for Academic Affairs, the student must join a fun run as an alternative activity.** Documentation of her participation should be submitted not later than **January 10, 2020.** However, the highest possible score the student can get because of her absence will be 85. Please understand that this is a natural outcome of the absence given that the student will have missed the actual Intramurals which cannot be completely replicated. But more than the grade, we hope that you appreciate the important contribution this activity will have on your daughter's development.

Please see back.
